

Model No. 4T-CIL/W

Corridor Indicator Light

DESCRIPTION:

The 4T-CIL/W is a corridor light that is designed for use in an assisted living environment. The station can be installed outside resident bedrooms, bathrooms or common areas.

The corridor light is activated by a resident pull for help station. The indicator light will flash to provide for a visual indication of the calling room. This corridor light has one long lasting white LED.

OPTIONAL ACCESSORIES:

Parallel dome light connector B00017-05

FEATURES:

- Durable faceplate
- Long lasting bright LED
- Plug in header for easy disconnect and replacement
- Connector with pigtail included
